

**Memorandum of Understanding
between
College of Engineering, National Tsing Hua University
and
Faculty of Engineering, King Mongkut's University of Technology Thonburi**

1. The College of Engineering, National Tsing Hua University and the Faculty of Engineering, King Mongkut's University of Technology Thonburi, both agree to kindly provide internship opportunities to each other for expanding the overseas learning experiences and promoting the mutual understanding of bilateral students.
2. During each academic year, each institution can send no more than 3 intern students to the other party. The internship applicants, who are expected to be in good academic standing, and to satisfy the requirements of English proficiency, will be selected by their home institution and approved by the host institution.
3. The host institution will provide a scholarship of total amount NTD15,000 (or THB15,000) for each intern student to support his/her airfare and living allowance. The host institution will provide free accommodation. Intern participants are responsible for their visa and document fees, living expenditures including meals, healthcare, medicine, insurance, books, and supplies, during the intern period.
4. Intern participants must abide by the laws of the host country and the rules and regulations of the host institution.
5. This MoU will become effective on the date of final signature, can be renewed by mutual consent, and will be valid for a period of up to five years. Both institutions have the right to initiate a termination of this linkage with at least six months' notice.
